CAREER OBJECTIVE

To positively impact millions of lives through the power of learning and development.

PERSONAL DETAILS

Date of birth: 24/11/1998
Nationality: Bangladeshi
Marital Status: Unmarried

EXPERIENCE

Developer

March 2022 – April 2022	**Smart Bike Garage**	**Dhaka, Bangladesh**

I have completed a freelancing job. I have built a full web-based software for a company. The project was about bike repairing service, which will provide the repairing service based on booking.

Instructor

January 2022 to Ongoing	**Dhaka, Bangladesh**

I have been teaching programming of CSE students in Daffodil Institute of IT from last January'2022. I'm instructing them to do well in coding and problem solving.

Founder and Developer

Oct 2021 to Ongoing	**Hexas Fashion**	**Dhaka, Bangladesh**

Hexas Fashion is a cloth selling team focused on the common people of Bangladesh for taking a better clothing experience as Bangladesh is the world's second largest cloth exporting country (www.hexasfashion.xyz).

Developer

Jun 2021 to Ongoing	**Visitorealm**	**Dhaka, Bangladesh**

Visitorealm is a freelancing travel guide providing company focused on developing communication, teambuilding, guidelines for gathering a better travel experience (www.visitorealm.com). Traveling enhance our vision of the world. When we visit new places, meet new people, know their culture, we get to know the world in the most statistical way.

Web Software Developer

February 2020 to March 2021	**Foodiesklub**	**Dhaka, Bangladesh**

I had worked in foodiesKlub (www.foodiesklub.com), a startup food blogging and restaurant promoting company. I had developed their website using Django Rest Framework for backend API and Frontend with ReactJS. The company couldn't do well in the time of covid-19. After April 2021 they stopped their all kinds of activities.
